PROFESSIONAL OBJECTIVE

Seeking to work within the field of web development, including graphic and interface design, application development and programming, and server administration and optimization.

EDUCATION

University of Virginia, Charlottesville, VA — August 2006-December 2009

Bachelor of Arts with Distinction in Music and Computer Science

- Cumulative GPA: 3.91
- Dean's List every semester
- Recipient of Intermediate Honors in October 2008

EXPERIENCE

Freelance Web Developer — January 2010-present

Developed sites for a variety of clients, with features such as blogs, e-commerce shops and social network integration.

In-House Web Developer, Grace Covenant Church — May 2008-present

Developed a custom website in Python using the Django framework based on the specific needs of Grace Covenant Church. Provided a top-down solution from the HTML and CSS design to the webserver configuration and domain/DNS setup.

Intern, Grace Covenant Church — May 2005-August 2006, May 2007-August 2007

Involved in a variety of projects and tasks, including office administration, event planning, computer set-up and maintenance and video filming/editing.

SKILLS

- Programming languages: C/C++, Java, Python, Ruby, PHP, Javascript, Scheme, x86, MIPS.
- Operating systems: Unix (Debian/Ubuntu) and Mac OS X.
- Experience with: (X)HTML, CSS, AJAX, MySQL, Apache, nginx, BASH-scripting, SVN and the Django web framework.
- Working knowledge of DNS, TCP/IP, REST and W3 web standards.

ACTIVITIES

Accomplished musician on a variety of instruments including piano, guitar, bass and drums with over ten years of formal instruction. Experience with audio software packages including Logic Studio, Max/MSP, Reason, Ableton, RTcmix and chuck.
